Biofield Sciences
Integrated Health

Introduction Evening

Join national and international guest speakers Dr Robin Kelly, Dr Tim Ewer, Dr Thornton Streeter and Diane Winder for an enlightening evening of discussion on the Human Energy Field.

This evening will offer the unique opportunity to learn and interact with these speakers and others in this fascinating topic that is sweeping all areas of the health world.

About the Speakers

Dr Robin Kelly FRNZCGP, runs a medical practice in Auckland that integrates Western, Eastern and modern mind body approaches to health. He is a past president of the New Zealand Medical Acupuncture Society, and a founding trustee of the Mind Body Trust. He is the author of two books; Healing Ways and recently released The Human Antenna, a foundation text for Energy Psychology Press (US). Winner of the 'Science' category USA National Best Books Awards 2008. Dr Robin Kelly practices holistic Mind Body Spirit medicine. www.robinkelly.co.nz

Dr Tim Ewer has been working in integrative medicine for the last 16 years and has a health centre near Nelson. Prior to his current role Tim was a hospital physician for 10 years after gaining his medical degree and specialist qualifications in the UK. He has trained in a variety of modalities including nutrition, environmental medicine, acupuncture and bio-energetic medicine. He has been advisor to WHO on natural medicine and to the New Zealand CAM. He has also taught tai chi and qi gong and has research interests in the effects of EMF, sound and light on health.

Dr Streeter is the Founder and Director of the Centre for Biofield Sciences www.biofieldsciences.com UK and India. He has spent over fifteen years specialising in the Human Biofield research. Across the globe he initiates Energy Centres, designed to integrate modern medicine with traditional understanding from Ayurvedic and Chinese medicines www.theenergycentre.org.

He is special Advisor to the ICM, the UK's leading authority on Complementary Medicine and as a faculty member of Zoroastrian College's Holistic Health Department, he has been invited to promote their NGO Status with the UN and his training programs are recognized in 190 countries.

Diane Hendrickson Winder is an International consultant and speaker, intuitive practitioner and author of over 500 biotechnology, pharmaceutical and medical device programs for over 30 years. Former VP of United Nations Association of New Zealand and delegate to UN on climate change. www.sephiraexperience.com and www.deepercircle.com
