

It is always a pleasure to come to Healthwise Energy Centre.

Right from the beginning I felt at home there. After having suffered from chronic pain for more than 10 years, and having treatment that focused heavily and sometimes aggressively on only one part of my body; it is a relief to experience the holistic and non-invasive treatment that Graham does.

He's a salt of the earth kind of guy with a great big heart and brings these qualities to his work in a very inspiring way. I'd like to say that he's a magician but the work he and the others do at Healthwise is strongly backed up by research and the PIP imaging they do. I see and feel the changes I'm making and it feels great.

After only one week of treatment I noticed really significant shifts in my energy and spirits and feel as if I am getting stronger and stronger all the time. As my health and energy improve many of the things I had hoped are falling into place. I feel hopeful and excited about life again.

This is top notch five star alternative health care.
